

PUBLIC NOTICE

Notice to the public is hereby given that the Southwest Clean Air Agency (SWCAA) has made a preliminary determination to issue Air Discharge Permit SWCAA 15-3129 to L Rock Industries, Inc. This preliminary determination allows for the operation of an existing rock crushing plant and diesel engine driven generator at the facility at 451 Mandy Road, Lewis County, Washington. The existing facility is a source of NO_x and CO from the combustion of diesel, and PM from road dust and rock crushing.

The public has an opportunity to review and comment on the preliminary Air Discharge Permit. All written or oral comments must be received by SWCAA within 30 days after the date of publication. Final action by SWCAA to approve, modify, or deny the proposal will be taken within 10 days after the close of the comment period. If there is a demonstrated significant public interest, a public meeting may be held at the close of the public comment period. The material is available for review at 11815 NE 99th Street, Suite 1294, Vancouver, Washington, Monday through Friday from 7:00 a.m. to 5:30 p.m. or online at (www.swcleanair.org/permitprelims.asp).
